7/28/2016	MULTI-COUNTY		Notice	Draft 2017 TIP & Draft Transportation-Air Quality Conformity Analysis for Plan Bay Area and the 2017 TIP	Metropolitan Transportation Commission	MTC Public Information	(415) 778-6757
7/15/2016	ALAMEDA COUNTY		Draft EIR	San Leandro General Plan Update	City of San Leandro Planning Department	Tom Lia	
6/21/2016	NAPA COUNTY		Neg. Dec.	General Plan Amendment	Town of Yountville Planning Department	Sandra Liston	(707) 944-8851

The federally required Transportation Improvement Program (TIP) is a comprehensive listing of Bay Area surface transportation projects that are to receive federal funding, are subject to a federally required action, or are considered regionally significant for air quality conformity purposes. The TIP covers a four-year period and must be financially constrained by year, meaning that the amount of dollars committed to the projects (also referred to as "programmed") must not exceed the amount of dollars estimated to be available. All projects included in the TIP must be consistent with the current Regional Transportation Plan (RTP), Plan Bay Area, and the TIP must be analyzed to determine if the program complies or "conforms" to federal air quality plans (known as the State Implementation Plan or SIP) and regulations. The Draft 2017 TIP includes projects "programmed" in four fiscal years: FY 2016-17, FY 2017-18, FY 2018-19, and FY 2019-20. This notice also serves to satisfy the public involvement requirements of the Federal Transit Administration (FTA) annual Program of Projects, for applicable funds.

The proposed general Plan Update would replace the City's existing General Plan, which was last comprehensively updated in 2002. Along with the general Plan Update, the proposed project also includes Zoning Code amendments to implement the proposed General Plan. State Law requires that the General Plan contain seven elements: Land Use, Circulation, Housing, Open Space, Noise, Safety, and Conservation. The General Plan Update includes all State-required elements and some optional elements, including: Land Use; Transportation; Open Space; Parks and Conservation; Environmental Hazards; Economic Development; Historic Preservation and Community Design, and Community Services and Facilities.

The project is a proposed General Plan Amendment associated with the Town's physical boundary and service area that have not been addressed since the last General Plan Update in 1992. The Town is in the initial stages of conducting a comprehensive General Plan Update of all of the elements of the General Plan to bring it current, but is proceeding with the limited amendments evaluated here because of Napa LAFCO's Municipal Service Review and Sphere of Influence Update for the Town that is currently being conducted.

India Basin Mixed-use Project, which entails the 700 Innes Avenue, 900 Innes Avenue, India Basin Shoreline Park, and India Basin Open Space locations

City of San Francisco Planning Department

(415) 575-9024

The project would encompass publicly and privately owned parcels, including existing streets, totaling approximately 38.84 acres (referred to herein as the project site). The larger India Basin area also includes properties owned by Lennar, Pacific Gas & Electric Company, and the Port of San Francisco. The project at 700 Innes Ave would develop 17.12 acres of privately owned land plus 5.94 acres of developed and undeveloped public rights-of-way in phases with residential, retail, commercial, office, research and development/laboratory and clinical care space, institutional, flex space, recreational and art uses, parking, and a shoreline network of publicly accessible open space. Two project options are being considered for the 700 Innes Avenue property: the proposed residential project "proposed project" (a residential-focused mixed-use development including approximately 1,240 dwelling units and 275,330 gross square feet (gsf) of ground-floor retail, commercial, or flex space); and the maximum commercial variant "project variant" (with up to approximately 1,000,000 gsf of commercial/institutional uses and 500 dwelling units).

5 CHAIR WIENER: Colleagues, I would like to begin
6 this public hearing, Item 3A on the Draft 2017
7 Transportation Improvement Program, or TIP, and the
8 companion Draft Transportation-Air Quality Conformity
9 Analysis for Plan Bay Area and for the Draft 2017 TIP.

10 The purpose of this hearing is to receive public
11 comments on the Draft 2017 TIP and Draft
12 Transportation-Air Quality Conformity Analysis, which will
13 release for public review on June 24th. Written comments
14 will be accepted through 5:00 p.m. on July 28th, 2016.

15 After the comment period has closed, staff will
16 review the comments and respond as appropriate. No action
17 will be taken during this hearing today. Formal adoption
18 of the 2017 TIP and Conformity Analysis is scheduled to be
19 requested of the Commission at its September 28th, 2016,
20 meeting.

21 If you wish to make a comment, please feel out a
22 blue card, available on the table at the side of the room,
23 and give it to Kimberly Ward, the Programming and
24 Allocations Committee Clerk. We ask that each speaker be
25 brief and concise and keep their comments to no more than

1 two minutes.

2 I will now ask MTC staff to present an overview
3 of the Draft TIP and Draft Air Quality Conformity
4 Analysis. And following that presentation, we will take
5 public comments.

6 MR. CRENSHAW: Good morning, Commissioners. I'm
7 Adam Crenshaw, with the Programming and Allocations
8 section.

9 The Transportation Improvement Program or TIP is
10 the region's four-year spending plan for surface
11 transportation projects that are expected to receive
12 federal funding, require a federal action, or are
13 considered regionally significant for air quality
14 conformity purposes.

15 It includes transportation improvements for
16 transit facilities, local roadways, state highways, and
17 bicycle and pedestrian facilities. It also contains a
18 limited number of regionally-significant port and freight
19 rail projects.

20 MTC has developed a Draft 2017 TIP in cooperation
21 with regional partner agencies and other interested
22 parties and in consultation with federal agencies.
23 The Draft TIP covers a four-year period from federal
24 fiscal year 16-17, through 2019/20; contains approximately
25 700 projects, totaling about \$6.6 billion in committed

1 federal, state, regional, and local funding.

2 All projects in the TIP are consistent with Plan
3 Bay Area, as required by federal regulations. The TIP is
4 also required to be financially constrained, meaning that
5 the amount of funding program does not exceed the amount
6 of funding reasonably expected to be available.

7 In developing the Draft 2017 TIP, staff conducted
8 an analysis to confirm that the TIP meets these
9 requirements, and this analysis is included as an appendix
10 to the TIP document.

11 MTC has also conducted a Transportation-Air
12 Quality Conformity Analysis on the 2017 TIP and Plan Bay
13 Area to determine that the region is in compliance with
14 federal air quality regulations. The Conformity Analysis
15 was conducted in accordance with EPA's Transportation
16 Conformity Regulations and MTC's Bay Area Air Quality
17 Conformity Procedures, as adopted in MTC Resolution 3757.

18 It includes updated project delivery information
19 for those projects whose completion years have shifted
20 since the last conformity analysis was conducted on the
21 2015 TIP and the Plan. It does not include any new
22 projects that were not evaluated as part of previous
23 conformity analysis.

24 Based on the draft analysis, staff finds that the
25 Commission can make a positive conformity determination

1 for the TIP and the Plan for all applicable criteria
2 pollutants and their precursors; meaning that the
3 forecasted emissions are below the required levels. We
4 also report that all transportation control measures have
5 been fully implemented.

6 As part of the development of the 2017 TIP, staff
7 has also updated the guide to the TIP to reflect the
8 latest available information. This guide focuses on how
9 the TIP fits into the transportation project development
10 process, and how the public and interested stakeholders
11 can get involved in that process.

12 To further assist in the public assessment of the
13 draft 2017 TIP, and specifically to address the equity
14 implications of proposed TIP investments, MTC has
15 conducted an investment analysis with a focus on
16 low-income and minority populations, seniors, and persons
17 with disabilities.

18 The results of the population use-based portion
19 of this analysis indicate that overall, an equitable
20 portion of investments are directed to transportation
21 projects that support low-income and minority populations.

22 One exception worth noting is that the share of
23 transit investment by trips for passengers living in
24 low-income households fall short of the share of transit
25 trips made by passengers living in low-income households.

1 Another exception highlighted in the Darensburg
2 impact analysis is that minority populations receive less
3 per rider benefit from state and federal funds than
4 non-minority populations, but that this does not
5 demonstrate a disparate impact in the distribution of
6 these funds.

7 Staff believes that these discrepancies are
8 likely due to an absence of approximately \$2 billion in
9 transit formula funding from the Draft 2017 TIP. The
10 programming of -- the programming of these funds are
11 anticipated to occur in the near future.

12 Staff is looking into the impact of the -- these
13 and other funds will have on this analysis, and recommends
14 conducting another investment analysis when the TIP is
15 reconciled to the updated Plan next year.

16 The preliminary Investment Analysis was released
17 with the Draft 2017 TIP for review and comment and was
18 presented to the Policy Advisory Council on July 6th.
19 Both the Guide to the TIP and the Draft 2017 TIP
20 Investment Analysis are included in your packets.

21 In accordance with MTC's public participation
22 plan, the Draft 2017 TIP and Draft Air Quality Conformity
23 Analysis were posted on MTC's website, are available at
24 the MTC offices, and will be sent to public libraries
25 throughout the Bay Area upon request.

1 Additionally, interested parties were contacted
2 about the release of these documents by mail and e-mail.
3 And this public hearing was noticed in various Bay Area
4 newspapers. This outreach process also serves to satisfy
5 the public involvement requirements for the Federal
6 Transit Administration's annual program of projects for
7 applicable fund sources.

8 Written comments on the Draft TIP and Air Quality
9 Conformity Analysis will be accepted through 5:00 p.m. on
10 Thursday, July 28th, 2016.

11 I would also like to note that we have a court
12 reporter here to transcribe these proceedings and any
13 comments made today.

14 Thank you very much. And this concludes my presentation.

15 CHAIR WIENER: Thank you very much.

16 If there are no questions or comments,
17 Colleagues, we'll now move to the public comment portion
18 of this hearing.

19 I do not have any public comment cards.

20 Is there any public comment on this item, Item
21 3A?

22 Okay. Seeing none, we will close public comment.
23 And, Colleagues, unless there are any comments or
24 questions, I will close this public hearing. Thank you.

25 (Whereupon, the meeting adjourned at 10:17 a.m.)
