RE: Annual Listing of Federally Obligated Projects for Federal Fiscal Year 2019-20

The Metropolitan Transportation Commission, as the Metropolitan Planning Organization (MPO) for the nine county San Francisco Bay Area, is required to publish a listing of projects using federal funds obligated in the previous federal fiscal year (Title 23 CFR 450.334). The Annual Listing of Federally Obligated Projects ("Annual Listing") provides a record of project delivery and promotes awareness of federal spending on transportation projects.

The Annual Listing includes explanatory text, as well as summary listings by categories such as mode, system, and fund source. Additionally, the Annual Listing includes a glossary of the commonly used abbreviations and acronyms to help the public better understand the listing.

The Fixing America's Surface Transportation (FAST) Act also encourages cooperation among the state department of transportation (Caltrans), public transit operators, and MTC to develop this Annual Listing. As a part of our development process, MTC distributed the draft Annual Listing to the Bay Area Partnership Working Groups and stakeholders for review and comment.

This report was developed using data sourced from both Caltrans and MTC. For the last federal fiscal year (October 1, 2019 through September 30, 2020), the region obligated approximately \$2.2 billion in federal transportation funds. The Annual Listing has two sub-listings: road and highway projects, and transit projects. Information for the road and highway project listing includes obligation of funds such as the Surface Transportation Block Grant Program (STP) and STP Transportation Alternatives set-aside, the Congestion Mitigation and Air Quality Improvement (CMAQ) Program, and miscellaneous earmarks. The sources of this information are Caltrans and MTC. The second table, for transit, includes obligation of fund sources such as Federal Transit Administration Sections 5307, 5309, 5337 and 5339, and the source is MTC.

The enclosed document is available through the Internet at the MTC website:

http://www.mtc.ca.gov/our-work/fund-invest/federal-funding/project-delivery

Annual Listing of Federally Obligated Projects, FFY 2019-20 December 29, 2020 Page 2

If you have any questions regarding the Annual Listing, please contact Kenneth Kao of MTC's Funding Policy and Programs Section by phone at (415) 778-6768 or by e-mail at: kkao@bayareametro.gov.

Thank you for your interest in the FFY 2019-20 Annual Listing of Federally Obligated Projects.

Sincerely,

Theresa Romell

About this Document

The Metropolitan Transportation Commission, as the Metropolitan Planning Organization (MPO) for the nine-county San Francisco Bay Area, is required by Title 23 CFR 450.334 to publish a listing of projects that obligated federal transportation funds in the previous federal fiscal year.

The purpose of this document is to provide a record of project delivery, increase public awareness of government spending on transportation projects, and demonstrate continued coordination between the various agencies responsible for implementing the projects programmed in the region's Transportation Improvement Program, or TIP, including MTC, the California Department of Transportation (Caltrans), the nine Bay Area County Transportation Agencies (CTAs), and the various regional public transportation operators.

Obligation

- The term obligation means that a project sponsor has received federal authorization to begin work on a phase of a project and a commitment from the federal government to reimburse the project sponsor for eligible expenses.
- A project that has obligated funds during the year was not necessarily completed or initiated during the year.
- The amount of funds obligated on a project in this federal fiscal year is not necessarily representative of the total funds programmed this federal fiscal year.

This document is available for download on the MTC website at http://mtc.ca.gov/our-work/fund-invest/federal-funding/project-delivery.

About the Metropolitan Transportation Commission

Created by the state Legislature in 1970 (California Government Code § 66500 *et seq.*), the Metropolitan Transportation Commission (MTC) is the transportation planning, coordinating and financing agency for the nine-county San Francisco Bay Area. The Commission's work is guided by a 21-member policy board.

Federal Framework

Over the years, state and federal laws have given MTC an increasingly important role in financing Bay Area transportation improvements. At the federal level, MTC became the designated recipient of FTA Formula Funds in 1975 and with the passage of the Intermodal Surface Transportation Efficiency Act (ISTEA) of 1991, Metropolitan Planning Organizations (MPOs) like MTC have been responsible for selecting the mix of transportation projects best suited to meet their region's needs.

• Fixing America's Surface Transportation (FAST) Act: Congress reaffirmed MPOs' role in transportation financing in 2015 with the passage of the most recent federal transportation authorization, the Fixing America's Surface Transportation (FAST) Act. The FAST Act was effective October 1, 2015.

This annual obligation listing report covers the fifth year of the FAST Act through Federal Fiscal Year (FFY) 2019-20 (October 1, 2019 – September 30, 2020).

Regional Transportation Plan: Plan Bay Area

MTC is responsible for adopting the Bay Area's Regional Transportation Plan and Sustainable Communities Strategy (RTP/SCS). The current RTP/SCS, known as *Plan Bay Area 2040*, was adopted by the Commission on July 26, 2017.

The plan establishes the long-range goals for the region, and identifies a set of investments and strategies to implement them. Updated every four years to reflect new planning priorities and changing projections of growth and travel demand, the long-range plan must be based on a realistic forecast of future revenues. Taken as a whole, the projects included must also help improve regional air quality. Plan Bay Area 2040 can be found at the MTC website at <a href="http://mtc.ca.gov/our-work/plans-projects/plan-bay-area-2040/plan-bay-area-20

Federal Funding in Plan Bay Area 2040

A variety of sources of funding are required to fund the set of investments included in the plan. Over the 24-year period of *Plan Bay Area 2040* (2017-2040), federal funds represent approximately \$29 billion, or 10% of the revenues for Bay Area's planned \$303 billion investment package.

As a reminder, this obligation report is limited to federal funds and does not include all revenues that have been expended on transportation in a given year.

Transportation Improvement Program

With the long-range plan in place, the Transportation Improvement Program, or TIP, serves as a short range programming document for the projects to be undertaken in the next few years. The TIP sets forth the region's investment priorities for transit and transit-related improvements, highways and roadways, bicycle and pedestrian, and other surface transportation improvements in the nine-county San Francisco Bay Area. Only projects consistent with the regional transportation plan's financially-constrained list may be placed in the TIP for federal funding. In addition, in order for a project to obligate federal funds, the project's funding must be included in the TIP.

Projects in the TIP

The TIP is a comprehensive listing of all Bay Area transportation projects that receive federal funds, are regionally significant, or are subject to a federally-required action such as a review for impacts on air quality. MTC's TIP for the San Francisco Bay Area can be found online at: http://mtc.ca.gov/our-work/fund-invest/transportation-improvement-program.

By law, the TIP must be adopted at least

once every four years, cover at least a four-year period, and contain a priority list of projects grouped by year. Further, the TIP must be financially constrained by year (meaning that the amount of dollars programmed must not exceed the amount of dollars estimated to be available). Federal regulations also require an opportunity for public comment prior to TIP approval.

The 2019 TIP, which covers federal fiscal years 2018-19 through 2021-22, was approved by the Federal Highway Administration and Federal Transit Administration on December 17, 2018.

Annual Obligated Project Listing Summary

This annual listing shows that approximately \$2,157 million of federal funds were obligated in the MTC region in FFY 2019-20, more than the \$1,272 million obligated in FFY2018-19. Of the \$2,157 million obligated, roughly (79%), or \$1,707 million, was obligated by the Federal Transit Administration (FTA) for transit projects. The remaining portion of funds (21%) were obligated by the Federal Highway Administration (FHWA) for highway, local road, bicycle and pedestrian facilities, and air quality improvement projects. Of the \$2,157 million obligated, local agencies obligated 11% for local projects on and off the state highway system, and the California Department of Transportation (State-Managed) obligated 10% for state highway related projects. This year's funding increase is due to the CARES Act of 2020 (see Page 11 for more information).

Chart A-1 illustrates the breakdown of obligations by obligating agency, rounded to the nearest million.

A-1: MTC-Region Federal Obligations, FFY 2019-20

Obligating Agency	Total Obligations*	Percent of Total*
Federal Transit Administration: Transit	\$1,708 million	79%
Federal Highway Administration: Local Projects	\$232 million	11%
Federal Highway Administration: State-Managed	\$217 million	10%
Total	\$2,157 million	100%

^{*}Totals are approximate due to rounding

A-2 MTC-Region Federal Obligations by County, FFY 2019-20

County	Total Obligations*	Percent of Total*	
Alameda	\$214 million	10%	
Contra Costa	\$64 million	3%	
Marin	\$78 million	4%	
Napa	\$4 million	<1%	
San Francisco	\$464 million	22%	
San Mateo	\$315 million	15%	
Santa Clara	\$219 million	10%	
Solano	\$40 million	2%	
Sonoma	\$52 million	2%	
Other	\$709 million	33%	
(Multi-County/BART/Caltrain/GGBHTD/MTC/WETA)	المالالله ومرد	3370	
Total	\$2,157 million	100%	

^{*}Totals are approximate due to rounding

Chart A-2 above shows all federal obligations, FHWA and FTA combined, in the MTC region, broken down by county and rounded to the nearest million. Multi-County/BART/Caltrain/GGBHTD/MTC/WETA projects obligated the largest amount of federal funding (FHWA/ FTA) in FFY2019-20 with 33% of all federal funds, with the majority being awarded through the FTA. Multi-County/BART/Caltrain project funds serve multiple counties.

A-3 MTC-Region Federal Obligations by System, FFY 2019-20

System	Total Obligations*	Percent of Total*
Transit	\$1,707 million	79%
State Highway	\$211 million	10%
Local Road	\$203 million	9%
Tollway	\$15 million	1%
Regional	\$19 million	1%
(Planning/Outreach/Operations)		
Other (Public Land/Trail/Port/Freight Rail)	\$1 million	<1%
Total	\$2,157 million	100%

^{*}Totals are approximate due to rounding

Chart A-3 above shows all federal obligations in the MTC region, broken down by system and rounded to the nearest million. To assist with the region's transportation needs, projects included in the TIP are classified by one of the following systems: Transit, State Highway, Local Road, Regional, Tollway, Public Land/Trail, and Port/Freight-Rail. Transit projects received the most obligations for FFY2019-20 at 79%, or \$1,707 million of all federal obligations. State Highway projects received 10%, Local Road projects received 9%, Tollway received 1%, and Regional received 1% of the obligations. The remaining FFY 2019-20 federal obligations were for projects categorized as "Other <1%" and include systems that total less than 1% within their respective category, i.e., Public Land/ Trail, Port/Freight Rail systems.

A-4: MTC-Region Federal Obligations by Purpose, FFY 2019-20

Purpose	Total Obligations*	Percent of Total*
Operations	\$1,303 million	60%
Maintenance/ Rehabilitation	\$438 million	20%
System Management	\$384 million	18%
Enhancement	\$39 million	2%
Expansion/Others	(\$8 million)	0%
Total	\$2,157 million	100%

^{*}Totals are approximate due to rounding

Chart A-4 above illustrates all obligations in the MTC region, broken down by purpose and rounded to the nearest million. Projects are associated with a purpose to assist in identifying infrastructure needs as a whole and funding eligibility.

In FFY2019-20 approximately 60% of all federal investments were used to support the region's transportation operation needs. The remainder of obligations applied to maintenance/rehabilitation, system management, and enhancement projects. (*Expansion projects carried a negative net total due to project de-obligations from prior year obligations*.)

A-5: MTC-Region Federal Obligations by Mode, FFY 2019-20

Mode	Total Obligations*	Percent of Total*
Bus	\$847 million	39%
Rail	\$833 million	39%
Auto	\$372 million	17%
Bike/Ped	\$62 million	3%
Ferry	\$31 million	1%
Other (Planning & Freight)	\$11 million	1%
Total	\$2,157 million	100%

^{*}Totals are approximate due to rounding

Chart A-5 illustrates all obligations in the MTC region, broken down by mode and rounded to nearest million. The modes tracked are Bus, Rail, Auto, Bike/Pedestrian, Ferry, & Other (*Planning & Freight*). In FFY 2019-20, funds benefitting primarily Bus projects received the most obligations at approximately 39%, or \$847 million, of all obligations. Rail projects received \$833 million of all investments, with the remainder of investments focused on auto, bike/pedestrian, ferry, planning and freight needs.

Annual Obligated Projects Listing Explanation

There are two tables included in the listing at the end of this report:

- Table 1: FHWA State and Locally-Managed Projects obligated, sorted by county, implementing agency, Federal Project Number and obligation date. This list includes projects from fund sources such as Surface Transportation Block Grant Program (STP), Congestion Mitigation Air Quality Improvement Program (CMAQ), and Federal High-Priority earmarks. State-managed projects include funds obligated by Caltrans for work on the state highway system, and include fund sources such as Emergency Relief (ER), National Highway Performance Program (NHPP), and Highway Safety Improvement Program (HSIP) funds.
 - Surface Transportation Block Grant Program Flexible (STP+), Congestion Mitigation Air Quality Improvement Program Flexible (CMAQ+) transferred by FHWA, but not yet awarded in an FTA grant are listed on this table.
- Table 2: FTA Transit obligations, sorted by County, TIP ID, Transit operator, Project Name, Grant number, Program and Grant Date.

The columns in the listing include:

- TIP ID, the identification code for the project in MTC's TIP. State-Managed (Caltrans) projects do not have this field available, and are noted by a "N/A" or a Caltrans Expenditure Authorization (EA) ID in that field.
- Project Title and Description
- Fund Source, indicating the obligated fund source
- Federal Project Number (FPN), indicating the federal project identification code (for FTA obligations, this is the grant number)
- Total Obligation Amount, rounded to the nearest dollar. Negative numbers indicate a de-obligation, where the federal funding commitment is no longer needed for the project either due to not meeting federal deadlines or due to project closeout. For additional information, please contact Caltrans or the project sponsor.
- Obligation Date, indicating the date FHWA (or FTA) obligated the funds
- Future Funding (by TIP ID), the amount programmed in the current TIP, rounded to the nearest dollar;
 - o These amounts were current in the 2019 TIP as of November 30, 2020.
 - o Please note that if there are multiple obligations for each TIP ID, the future funding amount will be apportioned accordingly between obligations as it is listed by TIP ID.

Caltrans may have additional information regarding the obligations they manage. Many of the funds Caltrans obligates for the State Highway System are programmed in the TIP and obligated at the beginning of the year as a lump sum.

The Use of Toll Credits (TC)

Federal-aid highway projects typically require the project sponsors to provide a certain amount of non-federal funds as match to the federal funds. For example, STP-funded projects require a minimum of 11.47% of non-federal match funds. Through the use of toll credits, the non-federal share match requirement can be met by applying an equal amount of toll credit and therefore allow a project to be funded with up to 100% federal funds for federally participating costs.

The amount of credit a state can earn is determined by the amount of toll revenue used for capital expenditures to build or improve public highway facilities. Once a credit amount is appropriately established, this credit will remain available until used by the state. The state is required to track the use of toll credit on a project-by-project basis and report such use to FHWA on a regular basis.

Coronavirus Aid, Relief, and Economic Security (CARES) Act of 2020

With the COVID-19 pandemic greatly impacting the transportation sector in FFY 2019-20, the President signed into law the Coronavirus Aid, Relief, and Economic Security (CARES) Act in March 2020. Among other purposes, the CARES Act provides emergency assistance to transit operators affected by the COVID-19 pandemic. Funding distributed through the Federal Transit Administration is provided at a 100-percent federal share, with no local match required, and is available to support capital, operating, and other expenses generally eligible under those programs to prevent, prepare for, and respond to COVID-19.

MTC received and distributed the roughly \$1.3 billion in CARES Act funding for which Bay Area transit agencies were eligible. MTC developed the allocation formula through a partnership between MTC and transit agency staff, and the funds were distributed in April and July 2020. Most of these funds were obligated in FFY 2019-20, and as a result, the Bay Area's annual obligations substantially increased from previous years due to this one-time pandemic relief funding. These obligations are generally identified in Table 2 with the project name "COVID-19 Emergency Transit Operations" and total \$1,282,640,468.

Listing of Commonly-Used Abbreviations

Below is a listing of commonly-used abbreviations in this document and their meanings.

Abbreviation	Meaning
ALA	Alameda
AC	Advance Construction
AC Transit	Alameda-Contra Costa Transit District
ACCMA	Alameda County Congestion Management Agency
ACTC	Alameda County Transportation Commission
ADA	Americans with Disabilities Act
ARRA	American Recovery and Reinvestment Act
ATP-REG	Active Transportation Program – Regional Program
ATP-ST	Active Transportation Program – State Program
BAAQMD	Bay Area Air Quality Management District
BART	Bay Area Rapid Transit District
BR	Bridge
BRT	Bus Rapid Transit
Caltrain/JPB	Caltrain/Peninsula Joint Powers Board
Caltrans	California Department of Transportation
CARES Act	Coronavirus Aid, Relief, and Economic Security (CARES) Act
CC	Contra Costa
CCAG	[San Mateo] Cities/County Associated Governments
CCCTA	Central Contra Costa Transit Authority
CCTA	Contra Costa Transportation Authority
CCTV	Closed-Circuit Television
C.F.R.	Code of Federal Regulations
CHP	California Highway Patrol
CMA	Congestion Management Agency
CMAQ	Congestion Mitigation and Air Quality Improvement
CO	County
CON	Construction
DPW	Department of Public Works
E/B	Eastbound
E/O	East of
EA	Expenditure Authorization
EBRPD	East Bay Regional Parks District
ECCTA	Eastern Contra Costa Transit Authority
ENV	Environmental
ER	Emergency Relief (or Response)
FBP	Ferry Boat Program
FFY	Federal Fiscal Year
FHWA	Federal Highway Administration
FTA 5007	Federal Transit Administration
FTA 5307	Federal Transit Administration section 5307 Urbanized Area
FTA 5307 TCP	Federal Transit Administration section 5307 Transit Capital Priorities

Abbreviation	Meaning
FTA 5309 FG	Federal Transit Administration section 5309 Fixed Guideways
FTA Ear 5309 Bus	Federal Transit Administration section 5309 Earmark – Bus
FTA Ear 5309 NS	Federal Transit Administration section 5309 Earmark – New Starts
FTA 5308 CF	Federal Transit Administration section 5308 Clean Fuel
FTA 5317 NF	Federal Transit Administration section 5317 New Freedom
FTA 5320 TIPP	Federal Transit Administration section 5320 Transit in Parks Program
FTA 5337 HIM	Federal Transit Administration section 5337 High Intensity Motorbus
FTA 5337 SGR	Federal Transit Administration section 5337 State of Good Repair
FTA 5339 Bus	Federal Transit Administration section 5339 Bus
FY	Fiscal Year
GGBHTD	Golden Gate Bridge, Highway, and Transportation District
HBP	Highway Bridge Program
HE	Hazard Elimination
HOT	High Occupancy – Toll
HOV	High Occupancy Vehicle
HPP	High Priority Program
HRRR, HR3	High Risk Rural Roads
HSIP	Highway Safety Improvement Program
I/C	Interchange
I/S	Intersection
IBRC	Innovative Bridge Research and Construction
IIP	Infrastructure Investment Program
IM	Interstate Maintenance
ISTEA	Intermodal Surface Transportation Efficiency Act
ITS	Intelligent Transportation Systems
JARC	Job Access and Reverse Commute
